

4 Way Forward Facing Cat6a POD / GOP Box - 70mm Deep - 32mm Entry

Part Code: POD423270

POD423270 Four-way "Forward Facing" POD boxes with 1 x 32mm entry (also known as GOP Boxes) are volume installation products bringing cat5e, Cat6 and Cat6A data points to the desk from for use under floors or attached to desks using flexible conduits, generally via a floor access grommet.

This POD/GOP Box is Cat6A friendly, finished in powder coating and incorporate a fast release screw lid. This allows easier installation. A keyed gland entry further improves the installation process, while the POD boxes allow enough space for ID labelling of each data point.

- Made from 1.5mm Mild Steel
- Standard paint finish is Black
- Height 70mm x Width 60mm
- Length 190mm
- Cable Entry 1 x 32mm
