

The larger D-Line drop over rigid Cable Protectors can accommodate cables or hoses up to 20mm diameter. Each length has a simple and effective locking mechanism, so runs can be made in any length required.

Anti-slip treads and tapered sides are pedestrian friendly, while the strength of these profiles can accept the heaviest vehicular loads permissible on UK roads.

- Made from high-grade polyurethane, extremely robust
- Join by interlocking male:female connectors
- Tapered design & non-slip treads for pedestrian traffic
- Can accept up to 11.5T Axle Weight i.e. all vehicular traffic
- Durability gives exceptional value
- Fully safety tested and certified to BS7671:2008

Produced from high-grade polyurethane	Extremely durable & robust Can accept up to 11.5T Axle Weight Join more than one length to cover longer cable
Popular usage	Protect cables from vehicular traffic For health & safety Join more than one length to cover longer cables
UV stabilised	Yes
Cavity size	45 x 20mm for cables up to 19.5mm (outer diameter)
Dimensions	(L) 765mm x (W) 220mm x (H) 32mm
Weight	2.52kg (boxed)
Quality approvals	Fully safety tested and certified to BS7671:2008
Available colours	Black
Packaging	Usually polythene bag
