

Faithfull (FAIPLHLDC712)

High-Leverage Diagonal Cutting Pliers 190mm (7.1/2in)

Faithfull High-Leverage Diagonal Cutting Pliers utilise a compound action to produce extra cutting power. 50% less force is required over standard pliers. Constructed from drop-forged steel for strength with induction hardened cutting edges that offer outstanding performance. Will cut up to 2.0mm 40 HRC steel wire. Fitted with moulded, anti-slip handles for comfort. They are ideal for heavy-duty cutting, repetitive cutting and extremely hard cutting jobs. Specification: Cutting Capacity: 40 HRC steel wire 2.0mm. Length: 190mm (7.1/2in).
