

# Commercial installs

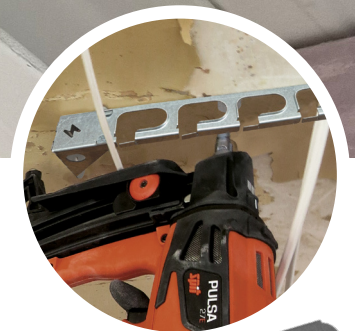

## Quick and easy cable containment.

**Run cables** – Speeds up installation compared with other systems

**Position cables** – Prevents other trades moving your cables

- Can be fitted vertically or horizontally
- Provides clear and consistent cable separation
- Innovative “cable gates” to speed up cable install
- Easy to fix with screws or concrete nails
- Cable openings accept standard 20mm conduit
- Two sizes – depending on ceiling void depth

CB02

CB03

Material: 0.9mm Galvanised Steel

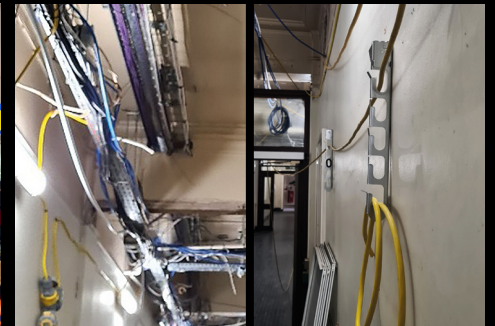

## Some commercial uses

HOTELS & APARTMENTS

OFFICE & SHOP MAINTENANCE

TEMPORARY SITE SET-UP

## Cableboss saves...

- ✓ **Time** – Speeds up installation time
- ✓ **Money** – Reduces labour and material costs
- ✓ **Space** – On site space freed-up, as multiple components no longer required
