

eX-Harsh IP66 Certified 19" Wall Mounted Cabinets

CMW's eX-Harsh range of IP66 EN60529 certified 19" rack wall mounted cabinets are suitable for many industrial and external environments. They are manufactured in the UK in any U size, width and depth required.

Bespoke feature requirements can also easily be specified, on a short lead time. Standard construction material is galvanised and powder coated mild steel, or can be selected from one of 3 grades of stainless steel to suit the installed cabinet's environment.

- Fully sealed and welded construction designed and manufactured in the UK.
- 1.5mm galvanised mild steel, powder coated RAL 7035 as standard.
- Choice to upgrade from 3 grades of stainless steel construction to suit.
- Rack size of 4U to 21U in 450mm or 600mm depth as standard.
- Bespoke rack sizes can be built to order on short lead times.
- 19" depth adjustable rack uprights to front and rear.
- The roof is sloped towards rear to assist with water drainage.
- Doors hinged left with integral all-around high-performance flexible seal.
- Multi-point cam lock operated by key lockable stainless steel L handle.
- Door stabilising runners.
- Removable gland plate to the floor.
- Internal/external M10 earth bonding studs.
- The rear of wall cabinet has sealed threaded stainless steel inserts to each corner for attaching the supplied cranked bolt-on stainless steel mounting lugs and bolts.
- Cabinets certified IP66.

Typical Construction

- 1.5mm galvanised powder coated mild steel.
- 1.5mm 3CR12 grade powder coated stainless steel.
- 1.5mm 304 grade stainless steel – natural finish or powder coated.
- 1.5mm 316 grade stainless steel – natural finish or powder coated.
- All above can be upgraded to 2mm thickness for extra robustness.

eX-Harsh IP66 Certified 19" Wall Mounted Cabinets

Typical Options:

- RAL7035 light grey, RAL9005 black or any standard RAL colour can be specified.
- Doors can be supplied with upgraded locks, handles, hinged to the right or with toughened glass windows.
- Gland plates can be placed in any face or made any size.
- Cable management, document holders, DIN rails and other requirements such as internal power distribution can easily be accommodated.
- Cabinets can be fitted with Thermostatic heaters.
- Heat dissipation can be achieved with external air conditioning or vortex cooling.

Part Number Table - RAL7035 1.5mm Mild Steel. (for RAL9005 powder coating change -GY to -BK)

Part Number	Description
IP6604U45-GY	IP66 4U Wall Cabinet, 450mm Deep, Grey Powder Coated Galvanised Mild Steel
IP6604U60-GY	IP66 4U Wall Cabinet, 600mm Deep, Grey Powder Coated Galvanised Mild Steel
IP6606U45-GY	IP66 6U Wall Cabinet, 450mm Deep, Grey Powder Coated Galvanised Mild Steel
IP6606U60-GY	IP66 6U Wall Cabinet, 600mm Deep, Grey Powder Coated Galvanised Mild Steel
IP6609U45-GY	IP66 9U Wall Cabinet, 450mm Deep, Grey Powder Coated Galvanised Mild Steel
IP6609U60-GY	IP66 9U Wall Cabinet, 600mm Deep, Grey Powder Coated Galvanised Mild Steel
IP6612U45-GY	IP66 12U Wall Cabinet, 450mm Deep, Grey Powder Coated Galvanised Mild Steel
IP6612U60-GY	IP66 12U Wall Cabinet, 600mm Deep, Grey Powder Coated Galvanised Mild Steel
IP6615U45-GY	IP66 15U Wall Cabinet, 450mm Deep, Grey Powder Coated Galvanised Mild Steel
IP6615U60-GY	IP66 15U Wall Cabinet, 600mm Deep, Grey Powder Coated Galvanised Mild Steel
IP6618U45-GY	IP66 18U Wall Cabinet, 450mm Deep, Grey Powder Coated Galvanised Mild Steel
IP6618U60-GY	IP66 18U Wall Cabinet, 600mm Deep, Grey Powder Coated Galvanised Mild Steel
IP6621U45-GY	IP66 21U Wall Cabinet, 450mm Deep, Grey Powder Coated Galvanised Mild Steel
IP6621U60-GY	IP66 21U Wall Cabinet, 600mm Deep, Grey Powder Coated Galvanised Mild Steel
